

Protest Repression in Nigeria!

Activists Facing Death Penalty

The trial of eleven #EndBadGovernance activists on trumped-up treason charges is set to start on November 8th. If convicted, they are facing the death penalty. The Nigerian government is targeting them for protesting against starvation policies. The left and trade-union movement must take urgent action in their defense.

Drop the charges now! Release all arrested protesters!

Join Us for United Front Protest!

Friday, November 8th @ 12 noon

Nigerian Consulate

828 2nd Ave. (between 44th and 45th St.), NYC
